

### **CareWell Donates Free Eye Glasses to Needy Students at Kedar Nath Girls High School**

**FEBRUARY 2, 2010: PATNA:** Fifty eight girl students from urban slums attending school at Kedar Nath High School in Gardanibagh, Patna, India were provided free eye glasses by CareWell Charitable Society. Earlier these students were found to have vision problems at a vision screening camp organized by CareWell. With limited financial resources these students were not only unable to afford prescription eye glasses, but their vision problems were undiagnosed prior to CareWell's vision screening camp at their school. Parents of these students were thankful to CareWell.

**About CareWell:** CareWell is a not for profit registered with the Government of India. Our mission is to provide comprehensive vision and hearing care to school children from under privileged sections of the society
